INVESTMENT POLICY - CHIEF ALBERT LUTHULI LOCAL MUNICIPALITY

2 OBJECTIVES

2.1 Primary Objective

2.1.1 This policy gives effect to the requirements to implement an investment policy in accordance with Section 13 (2) of the Municipal Financial Management Act; “A municipality must establish an appropriate and effective cash management and investment policy in accordance with any framework that may be prescribed in terms of subsection (1).”

2.1.2 The relevant legislation framework governing the policy is the Municipal Investments Regulation No. R 308 in Gazette number 27431 of 1 April 2005.

2.2 Specific objectives

- To ensure Chief Albert Luthuli Local Municipality and the Chief Financial Officer, as trustee of public funds, exercise their obligation to ensure that cash resources are preserved and safe guarded against loss.
- To ensure the investments of Chief Albert Luthuli Local Municipality are managed in the most efficient, effective and economical manner possible.
- To ensure that an appropriate level of investment diversification is implemented to achieve the above objectives.
- To ensure the liquidity needs of Chief Albert Luthuli Local Municipality are appropriately planned and provided for through the investment process.
- To clearly lay down broad investment parameters to ensure a reasonable return on surplus cash without incurring an unacceptable risk of capital loss.
- To ensure compliance and transparency in all processes.

3. INVESTMENT OBJECTIVES

3.1. Objective 1 – Security

The first and foremost objective for investments is the preservation and safety of the principal amount invested. It is a requirement that investments may only be made with institutions with a credit-worthy rating of F1 (Fitch) and better. Any investments made must be liquidated if an institution’s credit-worthy rating falls below the level of F1 (Fitch).

3.2. Objective 2 - Liquidity

The cash – flow budget must be used as an instrument in determining liquidity needs. Other factors such as the payment runs for creditors, dates for salary and statutory payments and dates for debt repayments must also be brought into account ensure cash requirements, and resultant investment periods, are being calculated to such an extent that maximum yield on surplus cash can be obtained.

3.3 Objective 3 - Yield

It is necessary to ensure optimal yield on the municipality’s investments, but a higher yield should never increase the risk of preservation and safety of the principal amount invested or not meeting cash – flow requirements. Where an institution has a sudden increase above the average market increase in investment returns, the Municipal Manager must determine whether the institution is in liquidity or financial problems, and in such an instance liquidate the investments with such an institution as soon as possible.
